

WATSONVILLE WETLANDS WATCH PRESENTS

THE RACE TO SAVE THE CA CONDOR FROM EXTINCTION

THURSDAY, MARCH 10
6:30—8:30 PM

Award winning environmental journalist John Moir will recount the riveting saga of bringing the condor back from the brink of extinction. He will explore the current challenges facing the condor program. In addition, he will link the condor's plight to the wave of extinctions sweeping across Earth's ecosystems and discuss the urgency of new international efforts to save our planet's biodiversity.
